 Quezon City

---

## ABOUT ME

BS Information Technology student with hands-on experience in Java, Python, SQL, and REST API integration. Skilled in building backend features, handling API requests, and managing data workflows. Familiar with SIEM fundamentals, log analysis, and phishing detection. Continuously expanding my technical expertise and refining my specialization in IT and Cybersecurity

---

## EDUCATION

New Era University 2023-2027

### **BS Information Technology**

BS Information Technology student with a solid foundation in multiple programming languages and technical competencies, actively refining and identifying the specialization that aligns best with my strengths.

---

## PROJECTS

New Era University 2025-2026

### **Integrated Media Services API**

Built a comprehensive Multimedia Content Management API that supports audio, video, and game playback functionalities, featuring modular design, optimized media handling, and scalable architecture.

New Era University 2025-2026
